

# Recessed Docking Station for iPod

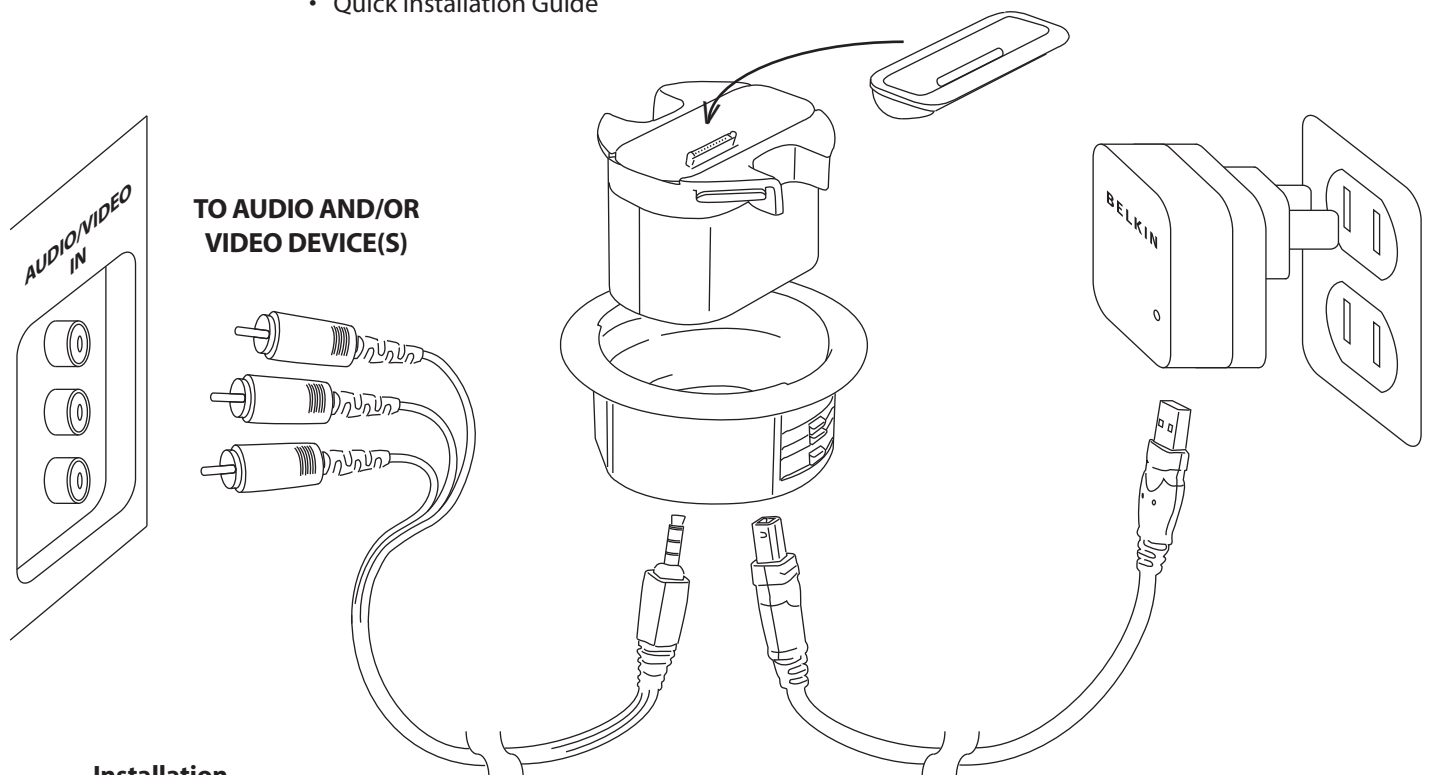

## Quick Installation Guide

Congratulations and thank you for purchasing your Parker House home entertainment furniture with an integrated BELKIN iPod docking station. This product is designed to work with all iPod models that use a universal well adapter. It also will offer some function for other Apple products\* (i.e. iPhone, iTouch, etc).

This innovative docking station charges your iPod, and is capable of synchronizing to a PC. With an audio/video output, plus included cables, this product can connect to your home stereo system and/or television for easy music and video\* playback. Never before has it been so easy and convenient to integrate your iPod to your home entertainment system.

### Package Includes

- Recessed Docking Station for iPod (and other related Apple products\*)
- USB Device Cable
- USB Converter Power Block (to charge your iPod while docked)
- 12' RCA Audio/Video cable to connect to stereo and/or television
- Quick Installation Guide

### Installation

**IMPORTANT NOTE:** Please do not connect your iPod to the Dock until instructed to do so in the steps below.

1. Plug the square end of the USB device cable into the upstream port on the bottom of the dock.
2. Plug the flat end of the USB device cable into the USB Converter Power Block included. Then plug the Power Block into a 110V outlet.
3. Plug the 3.5mm stereo plug from the 12' RCA A/V cable to the stereo out port on the bottom of the dock.
4. Plug the Red/White Audio RCA connectors from the 12' RCA A/V cable to the audio in on your device (stereo, TV, etc.).
5. Plug the Yellow Video RCA connector from the 12' RCA A/V cable to the video in on your device (TV, DVD, etc.).
6. Fit the universal well adapter that matches your iPod (supplied with your iPod purchase) to the Dock. If you do not have this adapter, we recommend you contact an approved Apple supplier to obtain one.
7. Connect your iPod to the Dock.
8. Please refer to your Audio/Video component manuals for instructions on playing the device. Your Dock is ready for use.
